Employment status = copyright status

An author's copyright status is determined to a large extent by the type of employer for whom the author works. For example, if you are employed by the U.S. Government, and you are the sole author of your paper, then you should select "Employed by United States Government."

Similarly, if you are the sole author and you are employed by a Crown Government (or if you and all your coauthors are Crown Government employees), then copyright to your paper will remain with the Crown Government. You should select "Employed by a Crown Government."
